

Screening, Brief Intervention, and Referral to Treatment (SBIRT) Training

Description and Learning Objectives

Screening, brief intervention, and referral to treatment are effective in a variety of settings. Its effectiveness has been proven particularly effective in hospital emergency departments and trauma centers with individuals with alcohol-related injuries. SBIRT has also been shown to be effective in primary care settings, where it is incorporated into other routine medical assessments such as measuring blood pressure. This training focuses on screening procedures to identify risk; key motivational interviewing concepts and principles that are tied to effective use of the FLO (Feedback; Listen and Understand; Options Explored) brief intervention; and referral to treatment for patients with more serious substance use-related problems. At the conclusion of this activity, participants should be able to: (1) Describe the background and rationale for conducting SBIRT in a variety of health settings; (2) Explain how to utilize screening procedures to identify patients engaged in at-risk substance use behaviors; and (3) Demonstrate a three-step motivational interviewing-based brief intervention strategy to motivate patients to change their at-risk behavior and/or seek treatment.

General Training Information

Pre-registration is required. Please complete the registration form on the following page.

Training check-in will begin at 8:00am and the training is scheduled to commence at 8:30am and conclude at 1:00 pm.

Please contact Shelley Rogers at 530-273-7956 or srogers@corr.us if you have special needs (e.g., ADA access, American Sign Language interpretation, etc.).

Breakfast, Snacks, and Lunch will be provided for attendees. Please list any dietary restrictions on the next page.

Date & Location

Saturday, September 24, 2016

Sierra Nevada Memorial Hospital

Outpatient Center Conference Rooms (1st Floor)

Grass Valley, CA 95945

Continuing Education

This training meets the qualifications for the provision of 4.0 continuing education credits/contact hours (CEs/CEHs).

UCLA Integrated Substance Abuse Programs (ISAP) is approved by the American Psychological Association to sponsor continuing education for psychologists. UCLA ISAP maintains responsibility for this program and its content.

UCLA ISAP is also an approved provider of continuing education for LMFTs, LPCCs, LEPs, and LCSWs (CA BBS, #PCE 2001), RADTs I/II, CADCs-CASs, CADCs I/II, CADCs-CSs, and LAADCs (CCAPP, #2N-00-445-1117), CATCs (ACCBC/CAADE, #CP 20 903 C 0816), and CAODCs (CADTP, #151). Provider approved by the California Board of Registered Nursing, Provider #15455, for four (4.0) contact hours. The Morehouse School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. The Morehouse School of Medicine designates this live activity for a maximum of 4.0 AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Hosted by:

This training was approved by the California Department of Health Care Services, and fulfills the 4-hour SBIRT training requirement noted in the All Plan Letter dated February 10, 2014 (APL 14-004).

Sponsored By: California Department of Health Care Services (DHCS), California Institute for Behavioral Health Solutions (CIBHS), Pacific Southwest Addiction Technology Transfer Center, and UCLA Integrated Substance Abuse Programs
